

# The Future is Hear in NZ.

A networking event hosted by the Eisdell Moore Centre and Uniservices.

## Build connections across the NZ hearing ecosystem as our panel of experts discuss advances in:

- Hearing and balance science
- Therapeutics and service delivery models
- AI and machine learning
- Addressing hearing and balance as a key to healthy aging
- Using technology to advance equity and accessibility.

### When

**Thursday**  
**27 May 2021**  
5:30 – 7:30pm

### Where

Lower Ground Atrium,  
Building 507, Faculty of Medical  
and Health Sciences,  
22 – 30 Park Ave, Grafton.
