

### **7.30 Report 5<sup>th</sup> April 2011**

LEIGH SALES: And finally before we go tonight a correction to a story we ran last year.

In September the '7:30 Report' ran two stories looking at the involvement in mining activities in Papua New Guinea of Professor Ross Garnaut. Professor Garnaut complained about the coverage both publicly and to the ABC claiming it was incorrect and unfair.

An ABC investigation has confirmed that elements of the coverage contained inaccuracies and overall it lacked balance.

We apologise to Professor Garnaut, a summary of the findings of the investigation can be found on our program website.
